

3. Little progress has been made on construction of station W32AY for reasons clearly beyond its control. Assignor had originally intended to affiliate with the Home Shopping Network ("HSN") and had reached an agreement in principle to that effect even before the construction permit was granted. For reasons beyond Assignor's control — a change in control of HSN — the affiliation became unavailable. Assignor thereafter promptly began to pursue other alternatives, only to learn that relocation of the station and modification of the facilities is now necessary because the existing site owner has advised that the site is now unavailable. This modification, however, will be a major change and therefore cannot be sought until a "window" opens. For a more extensive discussion of the foregoing facts, see Exhibit 2 to FCC Form 307 filed on November 12, 1993.

4. Assignor will retain no interest in station W32AY. See attached Declarations of Jose C. Cancela and Peter J. Housman II.

5. The proposed assignee intends to file an application for modification of station W32AY immediately after the assignment is consummated. Upon FCC approval of such modification application, the proposed assignee plans to begin construction of the W32AY facility immediately. See attached Declaration of Bernard S. Carrey.

DECLARATION

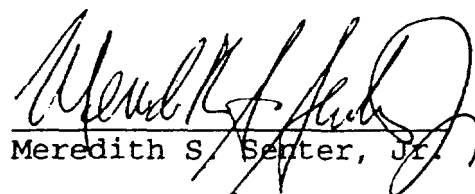

I, Meredith S. Senter, Jr., declare as follows:

1. I am a partner of Leventhal, Senter & Lerman, and since July 1987, I have represented Bahia Honda, Inc. in connection with the filing and prosecution of its application for low power television station W32AY, Boston, Massachusetts. RE: W32AY, Boston, Massachusetts

Dear Mr. Larson:

Pleased be advised that Since September, 1988, I have represented the Odessa Company in connection with the filing and prosecution of its application for channel 32, Boston, Massachusetts.

Since May of 1992 I have represented Boston Community Television (BCT), a partnership comprised of a merger of the entities which had filed competing applications for channel 32.

From September 1988 to date, Odessa Company and its successor, BCT, have incurred legal fees and disbursements of \$16,272.85 in the filing and prosecution of its application and in maintaining the authorization to date.

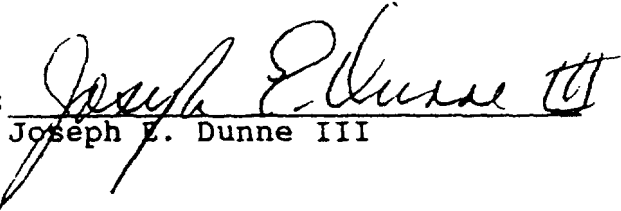

During this time period the referenced entities have been charged at the regular hourly rates for attorneys' time charged all clients of this office, or less.

Should you have any questions concerning this matter, please don't hesitate to give me a call.

Respectfully submitted,

MAY & DUNNE, CHARTERED
